

Make a Spike hand puppet!

Materials:

- Styrofoam cups
- Markers or paint (brown)
- Pipe cleaners (brown and red)
- Googly eyes
- Glue or tape

Directions:

1. Color the Styrofoam cup with markers or paint.
2. Cut the brown pipe cleaners into short pieces and stick them into the cup to form Spike's quills and tail.
3. Glue or tape 2 googly eyes to the front of the puppet.
4. Cut a short piece of red pipe cleaner and stick each end into the cup to form Spike's mouth. (You could also glue or tape it, or use a marker to draw the mouth.)
